The Pow-Wow

1959

Dedication

We, the Graduates of 1959, are happy to dedicate our POW-WOW to the Graduates of 1958, whose efforts have brought our Annual into existence. We want these pages to help you recall your own carefree days at S.H.H.S. - days filled with basically the same activities that we here portray, as well as with the same grand spirit. We join your ranks, dear Alumnae of S.H.H.S., with the hope of perpetuating the work so ably done by you in the past.

Superintendent's Message

Each of the students will be referring to the yearbook from time to time to recall those things that happened during this school year. However, none will remember the book and its contents as well as those who have spent hours in its preparation.

We need to show our appreciation to the staff and to its advisor for the fine work that they have done on the 1959 POW-WOW. The best way this appreciation can be shown is through continued support of the future staffs.

BOARD'S MESSAGE

In general, your high school has several major purposes. It attempts to help all young people to prepare themselves for a suitable career. It attempts to help all boys and girls to meet better their obligations as citizens of a great democracy. It attempts to help all young people to develop their interest and abilities to as great an extent as possible.

The only way to get where you can serve best is to prepare yourself well. Business, industry, and professions are interested in candidates who have completed their high school course in a creditable manner. It is the school board's sincere hope that each young person who attends this high school will do the best work possible and make his high school education really count.

Class History

It all began one certain September morning in 1955. That day St. Henry High School opened its doors to teachers, students, and a group of ignorant, untamed aborigines, commonly known as freshmen. Sometime after the first day of school, with the newness of the school, and the amused looks of teachers, these freshmen congregated for the purpose of electing class officers. According to the laws of parliamentary procedure and of our democracy, nominations were proposed, ballots cast, collected, and counted, and the results announced. They were: PRESIDENT, Jim Rose; VICE PRESIDENT, Jerry Osterholt; SECRETARY, Elaine Schmitz; TREASURER, Judy Froning; REPORTER, Loren Fullenkamp; ADVISOR, Mr. O'Neil. Soon after this momentous day, the sophomores invited the entire student body, even the freshmen, to their annual all-school party. Basketball season came and went; then came the interclass tournament. After the hullaballoo and smoke cleared, it was discovered, lo and behold, that the freshmen had come out the winners. After much debate and deliberation, the class colors, rose and white, were selected.

The elected officers for our Sophomore year were: PRESIDENT, Jim Niekamp; VICE PRESIDENT, Nancy Muhlenkamp; SECRETARY, Carolyn Zumberge; TREASURER, Carole Huelsman; REPORTER, Jerry Schmackers; ADVISOR, Mr. Brophy. Soon after election, we were saddened by the loss of Virginia Lange. During the year we gave our first all-school party, and believe it or not, won our second interclass basketball tournament. During the following summer, we lost three more students, Gerry Schlarman, Eugene Bergman, and Judy Schwieterman, who left to seek their fortunes elsewhere.

After returning to school in the fall as upperclassmen, we again held an election. The fate of our class for the junior year was placed in the hands of: PRESIDENT, Kathleen Rammel; VICE PRESIDENT, Elaine Schmitz; SECRETARY, Judy Froning; TREASURER, Loren Fullenkamp; REPORTER, Nancy Muhlenkamp; ADVISOR, Mr. Lachey. This year, under the able direction of Mr. Vincent Cashman, we presented our first class play, entitled "Crewcuts and Longhairs." On May 14, 1958, we had the Seniors as our guests at the Junior-Senior prom. The theme was "Oriental Gardens."

With the gaining of this title of Seniors were: PRESIDENT, Nancy Muhlenkamp; VICE PRESIDENT, Janet Schwieterman; SECRETARY, Carolyn Zumberge; TREASURER, Loren Fullenkamp; REPORTER, Kay Romer; ADVISOR, Mr. Lachey. During the year our outstanding thespians presented the play entitled "The Late Mr. Early!" Mr. Schlotterer, in his capacity as a class play director, evidently did a good job. It was a great success!

The time arrived for the taking of class pictures, choosing of name cards, measurements for caps and gowns, and an almost endless stream of other such activities. The class trip was discussed, and Chicago was chosen as the site. This trip was taken from May 20 to May 22.

The scholastic averages of the top ranking seniors were tediously determined, and on the basis of the results, Janet Schwieterman was chosen class Valedictorian and Delores Uhlenhake, Salutatorian. Baccalaureate services were held in St. Henry Church at 10:15 A.M. on May 24, with graduation exercises the same night beginning at 8:00 P.M.

And so ends another story of success. An untamed, ignorant group of aborigines were marvelously converted into decent, respectable, responsible people, in the short span of only four years. Having come to the end of our high school days, we look confidently to the future, whether it be immediate employment, military service, or college. We started at the bottom; now there is no way to go but forward, "Onward and Upward."

St. Henry Band Wins Top Kudos In State Meet

Chuchotez

If the smell of freshly-turned earth tells you that you're meant to be a farmer...

It's a part of you. Like new fallen snow waiting to register your footprints on a winter morning. Or the reassuring bark of the old watch dog. Or the newborn calf, still warm and moist from its mother's tongue.

Would you trade it for squirting slush, for the squawk of traffic? Would you trade it for sweltering nights on the fire escape? Would you trade it for the city?

Where but on the farm can a boy look forward to a free, full life and an independent future? Where else is a man's working room measured in acres instead of square feet? A mother's backyard bounded by the hedgerow across the hill instead of the nearest alley?

Here a man counts his worth, not by fleeting figures on a pay check, but by his solid investment in land and in the machines that bring it to yield.

Through his skill in employing modern farm machinery, the American farmer has multiplied himself. Today he creates more agricultural wealth with fewer man hours per acre than any other nation on earth. His hand is on the throttle of the "biggest business in America."
